

Business Group	Business Unit	Product's name	Product's short description
Coatings Adhesives & Specialties		Desmodur N	Aliphatic Polyisocyanate for 2K polyurethane coating
		Desmodur L/IL/HL	Aromatic Polyisocyanate for 2K polyurethane coating
		Desmodur T	TDI-monomer
		Desmodur E	TDI-prepolymer for 1K polyurethane coating
		Desmophen A	Acrylic polyol for 2K polyurethane coating
		Desmophen PES	Polyester polyol for 2K polyurethane coating
		Desmodur H	HDI -monomer
		Desmodur I	IPDI -monomer
		Bayhydur	Waterborne Polyisocyanate for 2K polyurethane coating
		Bayhydrol	Waterborne polyol for 2K polyurethane coating
		Impranil / Impraperm	Binder for textile coating
		Desmolux	Product for radiation curing coatings
		Bayhydrol UV	Product for radiation curing coatings
		Makrofol®, Bayfol®	Polycarbonate and Blended Polycarbonate film with a wide range of application in the area where grad obtical and Mechanical properties are requird Available in a variety of thicknesses and grades (e.g. transparent, translucent, surface textures)
		Baypren	Polychloroprene for solvent based adhesive
		Desmocoll	Polyurethane for solvent based adhesive
		Dispercoll C	Polychloroprene dispersions for solvent-free adhesive system
		Dispercoll U	Polyurethane dispersions for solvent-free adhesive system
		Desmodur R	Crosslinker isocyanates in solvent based adhesive

Business Group	Business Unit	Product's name	Product's short description
Coatings Adhesives & Specialties	TPU Film	Walopur	Highly Elastic Polyurethane Films
		Platilon U	Highly Elastic Polyurethane Films
